Read

Before:

Introduce the book and tell the children a little bit about it. Follow that with a comment or question that is related to the story such as, *Who lives on a farm or has ever visited a farm?* Encourage a discussion so the children can comment, ask questions, and express their feelings. Set the stage for listening by asking an "I wonder" statement based on the cover illustration.

- I wonder why the animals are happy?

During:

Encourage the children to comment on the illustrations and ask questions. Point out "rare words" (e.g., those words that are not commonly used in every day conversation) and help the children relate the meaning in a way that makes sense to them.

Do

Farm Time

Invite a farmer to talk to the children. If possible, have him bring a small farm animal for the children to touch and observe. Or, plan a visit to a farm and observe the animals and machinery. Have the children dress appropriately as if they were actually going to work on the farm that day. Write a thank-you note as a follow-up activity after the field trip to the farm.
